

## WHAT'S UP

### **MSc in Wealth Management**

The MSc in Wealth Management programme will cover the entire value chain in wealth management. It will be taught by senior academics as well as professionals from the industry. A distinctive feature is the availability of internships at private banks and fund management companies. The MSc in Wealth Management programme is a collaborative effort between the Wealth Management Institute (WMI), the Singapore Management University (SMU) and the Swiss Banking School (SBS).
