

ANG TECK MENG MARCUS

Singapore Management University, 50 Stamford Road, Singapore 178899
+(65) 6828 0703 ◇ marcusang@smu.edu.sg

Updated: Aug 2026

EDUCATION

<i>Ph.D.</i> , National University of Singapore	October 2008
<i>S.M.</i> , High Performance Computing for Engineering Systems (HPCES) Singapore-MIT Alliance under National University of Singapore	July 2003
<i>B.Sc. (Hon)</i> , Mathematics, National University of Singapore	July 2002
<i>B.Sc.</i> , Mathematics, National University of Singapore	July 2001

POSITIONS HELD

<i>Associate Professor (Education)</i> Operations Management Department Lee Kong Chian School of Business, Singapore Management University	Jan 2017 to Present
<i>Academic Director and Track Coordinator</i> International Trading Institute Lee Kong Chian School of Business, Singapore Management University	Jan 2024 to Present
<i>Assistant Professor (Education)</i> Operations Management Department Lee Kong Chian School of Business, Singapore Management University	August 2013 to Dec 2016

JOURNAL ARTICLES (REFEREED)

1. Wang, S., Li, J., Ang, M. and Ng, T.S., 2024, Appointment Scheduling with Delay-Tolerance Heterogeneity, **INFORMS Journal on Computing**, 36(5), 1147-1358.
2. Dang, Y., Ang, M. and Sun, J., 2023, An Inertial triple-projection algorithm for solving the split feasibility problems, **Journal of Industrial and Management Optimization**, 19(3), 1813-1826.
3. Lim, Y.F., Song, J. and Ang, M., 2021, Integrating Anticipative Replenishment Allocation with Reactive Fulfillment for Online Retailing Using Robust Optimization, **Manufacturing & Service Operations Management**, 23(6), 1616-1633.
4. Xie, J., Zhuang, W., Ang, M., Chou, M.C., Li, L. and Yao, D.D., 2021, Analytics for Hospital Resource Planning - Two Case Studies, **Production and Operations Management**, 30(6), 1863-1885.
5. Ang, M. and Lim, Y.F., 2019, How to Optimize Storage Classes in A Unit-Load Warehouse, **European Journal of Operational Research**, 278(1), 186-201.
6. Ang, M., Sun, J. and Yao, Q., 2018, Constrained dual representation of coherent risk measures, **Annals of Operations Research**, 262(1), 29-46.

7. Ang, M., Sigman, K., Song, J.S. and Zhang, H., 2017, Closed-form approximations for optimal (r, q) and (S, T) policies in a parallel processing environment, **Operations Research**, 65(5), 1414-1428.
8. Han, D., Sun, J. and Ang, M., 2014, New bounds for the price of anarchy under nonlinear and asymmetric cost, **Optimization**, 63(2), 271-284.
9. Ang, M., Song, J.S., Wang, M. and Zhang, H., 2013, On properties of discrete (r, q) and (s, T) inventory systems, **European Journal of Operational Research**, 229, 95-105.
10. Ang, M., Lim, Y.F. and Sim, M., 2012, Robust Storage Assignment in Unit-Load Warehouses, **Management Science**, 58(11), 2114-2130.

CASE STUDIES

1. Ang, M., Misra, A. and Cheah, S.M., 2026, Sandisk Malaysia: Asia's First Sustainability Lighthouse in Semiconductor Manufacturing, **Singapore Management University Case Series**.
2. Ang, M., Cheah, S.M., Song H. and Hua, Z., 2025, China Huadian: Harnessing the Sun, Wind, and Nature for Hybrid Energy Optimisation, **Singapore Management University Case Series**.
3. Crama, P., Mittal, S. and Ang, M., 2024, Singapore Public Health Hospital: Bed Management System, **Singapore Management University Case Series**.
4. Ang, M. and Chen, Y.C., 2024, Using Data Visualisation to Find F&B Opportunities during a Pandemic, **Singapore Management University Case Series**.
5. Lim, Y.F., Ang, M. and Koh, K.C., 2023, To Build or Not to Build: The Real Estate Dilemma and the Rapid Rise of China's Cold Chain Industry, **Singapore Management University Case Series**.
6. Ang, M., Bhattacharya, L. and Grayson, B., 2022, Inn or Out - Yield Management Simulation, **Singapore Management University Case Series**.
7. Ang, M., Chen, Y.C. and Darendeli, S.P., 2022, Getting the Next Swipe: Improving Customer Loyalty for OCBC Bank Credit Cards, **Singapore Management University Case Series**.
8. Ang, M., Hu, R.H. and Lam, S.W., 2020, Too Long for Comfort: Tackling Consultation Wait Time at a Hospital Emergency Department, **Singapore Management University Case Series**.
9. Ang, M., Chen, Y.C. and Foo, Y.L., 2020, Where Next? Identifying New Supermarket Locations for the Dairy Farm Group, **Singapore Management University Case Series**.
10. Ang, M. and Chen, Y.C., 2020, Amazon: Facing Low Customer Satisfaction in Singapore, **Singapore Management University Case Series**.
11. Ang, M. and Hu, R.H., 2018, Cafe Betterfield: Optimizing the Food Menu, **Singapore Management University Case Series**.

12. Ang, M. and Lam, S.W., 2018, Using Data Analytics to Manage Bed Capacity at LCX Hospital, **Singapore Management University Case Series**.
13. Lim, Y.F. and Ang, M., 2016, KYY: Storage Assignment in a Unit-load Warehouse, **Singapore Management University Case Series**, *Finalist in INFORMS Case Study Competition 2014*.

EXECUTIVE TEACHING EXPERIENCE

- Singapore Management University Executive Development 2022
Executive Programme in Digital Leadership
Topic: *Big Data : Tools and Techniques*
- Singapore Management University Executive Development 2022
Ortho Clinical Diagnostics - Get Set Go For Next Gen in Healthcare Delivery
Topic: *Supply Chain Inventory Management*
- Singapore Management University Executive Development 2021 to 2023
SMU-MINDEF Management Science Module
Topic: *Quantitative Analysis and Decision Sciences*
- Singapore Management University Executive Development 2021
SMU-Qatar Development Bank International Trade Workshop
Topic: *Understanding Logistics*
- Singapore Management University Executive Development 2019
Ortho Clinical Diagnostics - Healthcare Management in a Digital World
Topic: *Operational Efficiency in Healthcare*
- Singapore Management University Executive Development 2018
Go with Maersk
Topic: *Port and Terminal Operations*

TEACHING EXPERIENCE (POSTGRADUATE)

- Singapore Management University, Lee Kong Chian School of Business
Master of Science in Management
Instructor, *OPIM 618, Decision Analytics* 2017 to Present
- Singapore Management University, Lee Kong Chian School of Business
PhD in Business (General Management) and DBA
Instructor, *MGMT 738, Statistical Techniques* 2023 to Present

TEACHING EXPERIENCE (UNDERGRADUATE)

- Singapore Management University, Lee Kong Chian School of Business
Instructor, *OPIM 311, Service Processes* 2013 to Present

- Singapore Management University, Lee Kong Chian School of Business
Instructor, *OPIM 101, Decision Analysis* 2013 to Present
- Singapore Management University, Lee Kong Chian School of Business
Instructor, *MGMT108, Introduction to Business Analytics* 2019 to 2023
- Singapore University of Technology and Design
Instructor, *01.001, Introduction to Probability and Statistics* 2012
- Singapore University of Technology and Design
Instructor, *10.004, Math 2 (Linear Algebra / Vector Calculus)* 2012
- Singapore University of Technology and Design
Instructor, *10.007, Modelling the Systems World (Differential Equations / Optimization)* 2012
- National University of Singapore
Tutor, *DSC2003, Management Science* 2007
- Singapore-MIT Alliance, National University of Singapore
Tutor, *SMA 5213, Optimization Methods* 2005
- National University of Singapore
Tutor, *MA1101, Linear Algebra* 2003

HONORS

- *Maritime and Port Authority of Singapore* (MPA) Research Fellow, 2022/2023, 2021/2022 and 2019/ 2020.
- Winner of the *SMU Undergraduate Excellent Teacher Award 2020* (university-level)
- Winner of the *SMU Undergraduate Innovative Teacher Award 2018* (university-level).
- Nominee of the *SMU Undergraduate Excellent Teacher Award 2025* (university-level).
- Nominee of the *SMU Undergraduate Innovative Teacher Award 2022* (university-level).
- Nominee of the *SMU Undergraduate Innovative Teacher Award 2021* (university-level).
- Masters in Management (MIM) Excellent Teacher Award 2020
- Masters in Management (MIM) Excellent Service Award 2020
- Ten-Year Long Service Award, Singapore Management University, 2023.
- Five-Year Long Service Award, Singapore Management University, 2018.
- On *Dean's Teaching Honour List* for Faculty (Undergraduate Programmes)
Lee Kong Chian School of Business, SMU, in Academic Years
 - 2025/2026 (Term 1, Term 2)
 - 2024/2025 (Term 1, Term 2)
 - 2023/2024 (Term 1, Term 2)
 - 2022/2023 (Term 1, Term 2)

- 2021/2022 (Term 1, Term 2)
- 2020/2021 (Term 1, Term 2)
- 2019/2020 (Term 1, Term 2)
- 2018/2019 (Term 1, Term 2)
- 2017/2018 (Term 1, Term 2)
- 2016/2017 (Term 1, Term 2)
- 2014/2015 (Term 2)
- 2011/2012 (Term 2)
- On *Dean's Teaching Honour List* for Faculty (Postgraduate Programmes)
Lee Kong Chian School of Business, SMU, in Calender Years
 - 2025/2026
 - 2024/2025
 - 2022/2023
 - 2021/2022
 - 2018/2019
- Finalist in INFORMS Case Study Competition 2014.
- NUS Doctoral Scholarship, 2003 to 2008
- Singapore MIT Alliance (NUS) Masters Scholarship, 2002 to 2003
- On the Dean's list for Terms 1 and 2 of 1998/1999, Terms 1 and 2 of 1999/2000, Term 1 of 2000/2001
(Department of Mathematics, National University of Singapore)

GRANTS

- SMU, Center of Teaching Excellence, Technology Enhanced Learning (TEL) Fund, 2025, Optimizing Student-Group Formation.
- SMU, Center of Teaching Excellence, Technology Enhanced Learning (TEL) Fund, 2025, Decision Tree in Mining.
- SMU, Center of Teaching Excellence, Technology Enhanced Learning (TEL) Fund, 2023, Pricing Boss.
- SMU, Center of Teaching Excellence, Technology Enhanced Learning (TEL) Fund, 2019, Yield Management Simulator.
- SMU, MOE Tier 1 Research Grant, 2013.

SERVICES

- School Service
 - Academic Director and Track Coordinator of the International Trading Institute (SMU), 2024 to Present
 - Adjunct Coordinator (SMU), 2017 to 2023
 - Operations Management Student Committee
 - * Chair, 2019 to Present
 - * Member, 2011 to 2012, 2017 to 2019
 - Committee of the Operations MSc Program (SMU), Member, 2015 to Present

- Course Coordinator of Service Processes, OPIM311 (SMU), 2015 to Present
 - Recruiting Committee (SMU), Member, 2013 to 2015, 2017
- University Service
 - University Tribunal member, 2023 to Present
 - Education Research Task and Finish Group, Member, 2022 to 2022
 - Learning Outcomes Measurement Coordinating Group (SMU), Member of the Critical Thinking and Problem Solving sub-group, 2020 to 2021
 - School Curriculum Taskforce (SMU Blue Ribbon Committee), Member, 2018 to 2019
- External
 - Member of Nanyang Polytechnic’s Business Management Advisory Committee, 2026 to Present

RESEARCH INTERESTS

- Inventory Management
- Stochastic Models
- Robust Optimization

COMPUTER SKILLS

- Matlab, Java

PERSONAL

- Nationality: Singaporean
- Fluent in English and Mandarin Chinese
